

Discipline Plan

Don't make a problem!

You know how to behave!

if you do, fix it

Having a problem?

- 1st - try a different seat in the room on your own.
- 2nd - calmly ask to go to another room for time to "cool down" - then return

Be prepared to explain the problem, and how you will better handle it next time.

if you don't, I will do something

- First Time
 - you will move seats
 - a **minor** will be filled out
 - filed in the classroom
- Second Time
 - you will make attitude adjustments in another classroom
 - a **minor** will be completed
 - turned into office
 - parents will be notified
- Third Time
 - you will report to the office
 - a **major** will be completed
